I hereby apply for membership in:

The 69th Infantry Division – Next Generation Association.

I will make every effort to further the legacy of the 69th Infantry Division which was the first Allied unit to meet the Russians on April 25, 1945. I would like to join together with other offspring, relatives and friends of the men who were the 69th to maintain and further the camaraderie that 69ers formed in training, combat and post war reunions.

Realizing some veterans of the 69th may need assistance in their remaining years, I subscribe to the tenet of giving assistance where possible to a veteran in need. I will also do my best to carry out other goals outlined by the 69th's commanding officer in 1948 when he established the Association; goals that are now included in the Association's By-Laws.
